### La Tour

As of the summer 2004 the tower has been converted into a gite. The ground floor has a lovely kitchen-diner with patio doors opening up into the garden. A spiral stair case takes you up to the first floor to the living room with an 'entre sol' above. The living room has a lot of period features, like original beams and walls and a view of the top of the tour. Through a cleverly built on passage you reach the 4 bedrooms, which all have their own en suite bathroom. The bedrooms have 2 single beds 90x200. On the 'entre sol' above the living room there is space for 2 more people to sleep. Covers and sheets are not included (can be provided).

Albert & Janny Koning have succeeded in creating a very comfortable guest house without losing any of the original period features of the old tower. Central heating, a dishwasher, washing machine and garden furniture complete the property.

### The surrounding area

A 3 minute walk will get you to the village for your daily groceries. The village has a butcher, a bakery and a small supermarket. Larger outlets can be found at Rambouillet, a 10 km drive. There are several small towns in the vicinity, which are good for several lovely day trips, for instance Chartres (60 km), Euro - Disney (80 km) and Giverny with the museum of Claude Monet (70 km). Also, a little closer you can visit the castles of Dampierre, Rambouillet, Breteuil, Versailles, Fontainebleau etc. Paris is just a half our drive.

If you are more an outdoor person, take one of the wonderful cycle routes or put on your hiking boots and explore the hiking trails of the valley. At the farm they can inform you with lots of brochures and books.
